Table 1: Koalog Constraint Solver™ licenses & prices

2 Evaluation licenses

Evaluations licenses are valid 15 days and can be requested only once per institution.

3 Academic licenses

Academic (education or research) licenses are granted to researchers and teachers working in public research centers and universities, and can be used to do research.

Education licenses can be shared with the students attending the course.

4 Production licenses

Production licenses are assigned to designated users. For server based production licenses, please contact sales@koalog.com.

Redistribution of the software is not allowed without Koalog's written agreement.

5 Updates

Updates are free when the minor version number changes and the major version number remains the same, otherwise they costs 50% of the price of the license.

6 Maintenance

The first year of maintenance is free of charge. Each following year, the maintenance is charged 15% of the license price.

7 More information

Contact sales@koalog.com for special licensing schemes, redistribution, volume discount.
